TO TEACH FILIPINOS.

Miss Maud J. Chase to Join the Pioneer Educators.

Miss Maud J. Chase and her father will accompany Prof. J. H. Townsend and his family to the Philippines, leaving here about the 15th of this month. Miss Chase has for some time past been teaching at Kealia, Kauai, and resigned her position to enter the wider field opening in the Philippines. She has been recognized as one of the very efficient members of the Kauai staff and it is fair to presume that she will make a greater success of her work amongst the Filipinos than will many of the 600 American teachers who have not been favored with Hawaiian experience. The best wishes of many friends will go with her.

A Heavenly Photographer.

Mr. F. W. Dyson, who was sent out by the British government to make photographic observations of the recent eclipse, which was total along a belt that intersected Sumatra, was one of the passengers on the Nippon Maru, bound for the Mainland. The best views were obtained by the representative of the University of Virginia. The next total eclipse will occur in 1905. Another is due in 1905.

A Serious Mistake.

It is a very serious mistake to attempt to apply the land laws of the United States to the Government lands of Hawaii. The sensible plan would be to set aside all such lands to the Territory in trust to be sold or leased for the sole benefit of the roads and schools of the Islands. This can be done.—Maui News.

THE FLYING JORDANS.

Japanese Entertained by the Clever Acrobats.

Quite a number of prominent Japanese attended the performance of the Flying Jordans last night and apparently enjoyed intensely several numbers on the program.

In the Land of the Cherry Blossom audiences are not prone to showing their approval of the performers by American methods but last night the Oriental onlookers dropped into Western customs and bestowed their hand-claps freely upon the turns suited their fancy.

The flying rings act, daintily little Nellie's performance on the slack wire carrying a Japanese umbrella and the final act of the Jordan family seemed to suit the little brown men better than Symond's jokes, though the fire dance proved a popular feature.

Tonight and tomorrow are the last two performances of the Jordans under canvas, the final entertainment taking place on Friday at the Chinese theater, when a combination program of American and Chinese talent will hold the boards. There is to be a family matinee tomorrow afternoon at the regular prices.

Murphy Hall.

There seems to be more fun going on at Francis Murphy Hall than any other place in town. The hall was half full of people last night, and under the genial leadership of Mr. Bradley the boys sang to their heart's content. People strolled in and out all the evening. Capt. Swinerton dropped in for the first time and was so delighted with the hall that he treated the crowd to the light refreshments sold there and sang a song of his own composition, which was loudly applauded. Capt. Swinerton was one of Hallenbeck's converts in 1882 and he has a fellow feeling for the Murphy boys.

Great preparations are being made for the entertainment Saturday night. The principal feature of the evening will be a magic lantern and sleight-of-hand act by Julius H. Hirschberg, assisted by Willie Kerr, son of L. B. Kerr, both Murphy Clubmen. Mr. Hirschberg, before coming to Honolulu, practiced legions of professional sleight-of-hand. He will reproduce Heintzman's Hindoo sack illusion, which is entirely new to Honolulu. Mr. Hirschberg has the honor of having been a pupil of the great Herman.
